HOTELS & RESORTS

FUNCTIONAL TRAINING Using movements to help you with your daily life and activities, this workout is high energy, efficient and fun! Combining elements of cardio with strength training, you will use TRX suspension training, kettlebells, battle ropes, rowers and more.

HATHA YOGA The most traditional of yoga practices, Hatha combines physical postures (Asanas) with breathwork (Pranayama) to balance sun (ha) and moon (tha) energies.

RESTORATIVE YOGA Restorative yoga is a style of yoga that encourages physical, mental, and emotional relaxation. Appropriate for all levels, restorative yoga is practiced at a slow pace, focusing on long holds, stillness.

STRETCH & CORE This class will incorporate a variety of stretching techniques including foam rolling, static & dynamic stretches, yoga, Pilates and more. You will leave feeling longer and stronger!

SOUND BATH MEDITATION An immersive experience with crystal singing bowls and gong, incorporating breathwork and guided meditation to attain a deeper state of relaxation and wellness.

SPIN CYCLE Indoor Cycle is a great way to get an intense cardio workout with no-impact. Ride along to great music as you tackle hills, sprints, and flat roads as you adjust your own resistance and speed. Suitable for all levels of exercise enthusiasts

TAI CHI A gentle, flowing movement practice rooted in ancient Chinese tradition, often described as “meditation in motion.” Blending breath, balance, and graceful motion, Tai Chi offers a deeply calming experience for both body and mind.

VINYASA YOGA An energizing yoga flow that unites breath & movement. Suitable for all levels.

YIN YOGA A slower and more meditative practice that targets your deep connective tissues by holding poses for a longer period of time than in traditional yoga. This class helps you stretch and lengthen those rarely used tissues while you connect to your breath.

YOGA SCULPT Incorporates strength training with light weights into a yoga class to increase your heart rate, improve flexibility, mobility and range of motion.
